Choreographer Named To Montclair State Project

The choreographer **Heidi Lat-sky** has been selected as the first participant in a new short film series focusing on dance and choreography. The project, Dance for Film on Location at Montclair State University, in New Jersey, will be underwritten by a \$450,000 grant from the Andrew W. Mellon Foundation and is to include three films by three different choreographers. The other two participants will be named later. Each work will be shown along with a live repertory that will become part of Peak Performances at Montclair State. In a statement, **Jedediah Wheeler**, the executive director of Peak Performances, said that the project is designed so that “the camera will not be used as a tool to document a performance, but rather as a collaborator to create a dance especially for film.”
